

Challenges in the Execution of Mega Oil and Gas Projects

Presenter: Marlon Cooray B.Eng. (Hons-Mechanical), MBA and Masters in Commercial and Resource Law

Project Manager, Infrastructure at Woodside Energy Ltd

Hosted by: Institution of Engineers Sri Lanka – WA Chapter

DATE: Monday 5th February 2018 **TIME:** 5.30pm

VENUE: North Metropolitan TAFE, 30 Aberdeen Street, Northbridge, WA, 6003

TICKETS: Free of charge

This presentation will provide an insider view of the execution of mega projects in Western Australia with examples (Phase IV FID 2001 to Pluto start-up 2012). Also it will highlight the recent challenges faced by the mega LNG projects. Speaker will elaborate these challenges using recent projects as examples. He will highlight the importance of the promotion of regional infrastructure to oil and gas developments. Also he will provide insight in to the related government interfaces that play a significant part in the development of regional infrastructure.

About the Speaker

Marlon Cooray, B.Eng. (Hons-Mechanical), MBA and Masters in Commercial and Resource Law, has worked for Woodside Energy since 2002 on seven mega LNG projects including NWS Phase IV, Phase V, Pluto, Pluto Expansion, Browse JPP, Browse FLNG and Wheatstone. Marlon has held five senior management positions in project execution, commercial and business units, including Project Manager, Strategy & Business Manager and Construction manager. Prior to Woodside Marlon worked offshore on Apache's Varanus Island and in gas transmission on the Dampier to Bunbury Natural Gas Pipeline expansion projects for 4 years.
